

Election of Co-Directors HSC Policy-008

Effective date: September 11, 2010

When election of a single director in a single duty area is not possible, but a shared responsibility is acceptable to the members running for office and to the voting members at large, it is acceptable to nominate and elect co-directors who share responsibilities, e.g., Co-Directors for Training, Co-Directors for Special Events, etc.

When Co-Directors are elected, the single duty area still retains a single vote on the Board of Directors. Therefore, Co-Directors have to share that one vote, and work together on how to cast that single vote for issues that require Board voting.
